WINTER 2018

## DESIGNED WITH STYLE

As our product lineup continues to grow in 2018, we're excited to announce 9 Design Styles to complement exciting new pieces of Art, Furniture, Lighting and Décor. True to our roots, these styles are *different by design* and we hope you like them as much as we do.

As you browse the pages of our LookBook, will you feel the whimsical romance of **Enduring Elegance**, go back to your roots with classic **Farmhouse** charm, explore the treasures of **Global Curiosities**, or maybe fall in love with **Industrial** metal? This year, the design possibilities are endless.

Visit us at one of our showrooms across North America for more inspiration, and always see our latest designs online at
